Session III: Manufacturing in Aerospace: Capabilities and Concerns

“The most preferred method for procurement is the indigenously designed developed and manufactured categorisation followed by Buy (Indian) and the Buy and Make (Indian) categorisations. These face implementation challenges, due concerns related to domestic capability, capacity and skills. In this session, issues affecting this imperative would be discussed with a perspective on its various sub-sets.”

01 September 2016

1600 – 1730 hrs

1600-1605 hrs	Opening Remarks by Session Moderator	: Air Marshal Sukhchain Singh AVSM VSM (Retd) Former Air-Officer-in-Charge Maintenance Indian Air Force
1605-1620 hrs	Indigenous Opportunity for Aerospace Manufacturing	: Air Vice Marshal BK Sood VSM ACAS (MP) Indian Air Force
1620-1635 hrs	Indigenous capability in Airborne Sensors and Systems	: Mr Jayanta Chatterjee CEO Mahindra Telephonics Integrated Systems Ltd.
1635-1650 hrs	Certification challenges for indigenous aviation projects	: Mr G Gouda Scientist ‘G’ Group Director (Propulsion) Center for Military Airworthiness & Certification (CEMILAC)
1650-1705 hrs	Skills: incentives and promotions by Gol	: Mr Rajesh Agrawal Joint Secretary & CVO Ministry of Skill Development and Entrepreneurship
1705-1720 hrs	Q&A	
1720-1730 hrs	Closing Remarks by Session Moderator	
1830 hrs onwards	Cocktails
